Harlingen to Distribute 1st & 2nd Doses of Moderna at the Harlingen Convention Center

Harlingen, Texas—On Friday, April 16, 2021, The City of Harlingen will hold a drive-thru COVID-19 Vaccine Clinic to administer the 2nd dose of Moderna to the 1,000 people that got the first dose on March 19 at the Harlingen Convention Center (HCC). The second dose will be offered between 6 –11 a.m.

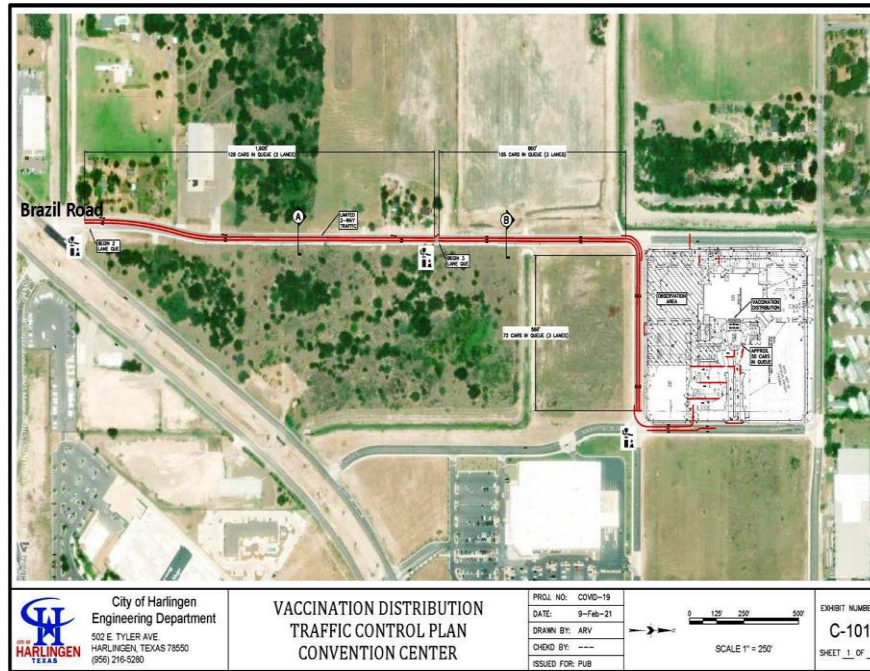

Wristbands are not required for second doses but people will need to bring the vaccine cards they received when they got the first one.

Meantime, The City will also offer 1000 1st doses of the Moderna Vaccine from 11 a.m. – 7 p.m. for everyone 18 and older at the HCC. The City is extending its hours of operation to provide access to individuals after normal business hours.

A wristband is required for the 1st dose and it can be obtained on Thursday, April 15 at the Harlingen Convention Center located at 701 Harlingen Heights Drive. The wristbands will be distributed beginning at 8 a.m. until they run out.

The City of Harlingen has again partnered with Cameron County Public Health, Valley Baptist Hospital, South Texas Emergency Care Foundation, the Harlingen Consolidated Independent School District, and the Texas State Technical College Nursing Program to administer the 1,000 first doses.

News From The City of Harlingen

Access to the Harlingen Convention Center for Thursday's wristband distribution and Friday's clinic will be through Brazil Road off of Spur 54.

As a reminder, Brazil Road will be closed to through traffic until 5 a.m. on both days to discourage overnight parking.

For additional information, those interested can call (956)216-5036.
