## Harlingen Bringing Back Annual Halloween Event

**Harlingen, Texas**—The City of Harlingen’s annual Halloween event is on schedule to take place on Saturday, October 30. Last year’s event was canceled due to COVID-19. This year however the event is moving to the Lon C. Hill Destination Park to provide more room for people to space out as we maneuver through the ongoing pandemic.

Halloween in the Park is a free City-sponsored event to provide a safe environment where kids can trick or treat rather than having to walk the streets from home to home amongst traffic. The 5-8 p.m. event includes a costume party, free candy, a free haunted house, and food vendors.

The City of Harlingen also supports the Teal Pumpkin Project and encourages all participants that will hand out candy to
