Imagine the Possibilities Tour Coming to Harlingen's Historic Downtown

Harlingen, Texas– In celebration of Preservation Month, The City of Harlingen Downtown District proudly welcomes the Texas Main Street Program and Town Square Initiative– Imagine the Possibilities Tour. The annual event showcases available properties as a way to engage potential investors, developers, entrepreneurs, and anyone else who has imagined themselves operating a business, owning a building, or living downtown.

It's part of the Texas Historical Commission's initiative DowntownTX.org, a site that helps match potential investors with opportunities in Texas' historic downtowns.

On May 31 the tour will make a stop in Harlingen to showcase properties in downtown that are available for new opportunities. The tours will coincide with Harlingen Art Night which happens on the last Friday of each month featuring art, music, food, and lots of fun. Everyone is invited to attend Art Night and tour the properties between 6- 10 p.m.

The tours will commence at the Downtown Harlingen Office located at 209 W. Jackson. Participants will visit at least eight properties currently featured on the downtowntx.org website.
