Harlingen City Commission Opts for New Leadership at City Hall

Harlingen, Texas—During a special meeting of the Harlingen City Commission on September 28, 2021, commissioners voted to name Gabriel Gonzalez as the interim City Manager after deciding to part ways with Dan Serna.

Gonzalez most recently served as the City's Assistant City Manager for Internal Services overseeing numerous departments. He has been part of the city's administration for 21 years, has 35 years of government experience, and holds a Bachelor of Economics from the University of Texas at Austin.

Harlingen residents can expect no delay in City services or operations while the City Commission decides how to move forward.
