Cameron County Public Health continues to investigate the COVID-19 outbreak at the two nursing home facilities. To date, the Cameron County cases arising from the Veranda Nursing Home has included 17 employees, five (5) individuals related to the employees and 31 residents who have tested positive, including two (2) who have passed away. There have also been 36 employees and 24 residents who have tested negative and 54 individuals pending results. The Windsor Atrium currently has 11 employees and 14 residents who have tested positive, including one who has passed away. There has also been one (1) employee and two (2) residents who have tested negative and seven (7) individuals pending results. Individuals at the two facilities who have tested positive continue to be in isolation and employees who have pending results are not working at the facility.

As part of the COVID-19 action response plan, Cameron County Public Health is conducting epidemiological investigations and contact tracing as needed. Cameron County Public Health continues to monitor the situation and will provide updates as they are received.
